

## Galactic Playground

(instructions)

-you are a walking cloud. hug the sky until you become blue

-choose a colour that matches the colour of your spirit. jump from colour to colour

until you disappear

-invent a game with an invisible ball. explain this game to others. invite them to

play with you

-forget your name for the rest of the day. dance with an ant

-make a circle holding hands. talk with the heat of your hands

-write a poem with the shape of your body. have someone read this poem out loud

-sit down. close your eyes. your body disappears when you listen to birds. You

respond back in their language

-jump on one leg until you jump with no legs. float for 3 minute in the air

-choose a color to transform into. invent a new color. mix with the rest of the colors

you are playing with

-your hands tell a story to your face. invite someone to tell your face a story with

their hands

-the wind tells you its favourite animal. interpret this animal when it sleeps

-time is a hat that you wear. describe this hat while you slowly walk backwards

-if the moon was green you would be...

-choose a cloud. imitate its shape and colour as it changes

-multiply the age of the sun by yours. transform this number into fiscal energy

-each colour is a dimension. your thoughts have no gravity in these dimensions

-your head is a planet. orbit the playground talking in numbers

-your tongue is a painting. show your painting to the sun

-play an instrument with your mouth. swim in the sound others make

-you are melting cheese on another planet

-your nose is the past. your ears are a window. your eyes are your arms. your heart

-is your mouth. your legs are your hair. your teeth are doors

-you are a million year-old golden spider. make a web to catch an impossible thought

close one eye. become a silver snake that needs another snake to see in three

dimensions

-the wind is an animal. pet him

-make a human triangle and become a super scale nose. invite a flower to give a talk

-the sun is a bronze key. take this key and open an inner door

-your hands are so long they can touch the sun. bring the sun to earth

-take a light beam and use it like a wire to make a drawing that floats in the air

-there are no walls here. build a house. become a talking wall

-count backwards from one thousand to zero

-you are an atom floating in space that has landed on earth and needs to behave like

a human

-invent a language

-you are a mirror with legs. play a game mirrors would like to play

-walk like your feet are books. take the books back to the library

-triplicate yourself

-tell a joke to a plant tell a secret to a flower

-lay down in the ground and walk away from your body. observe it like a fish out of

water

-cars are butterflies. butterflies are cars

-the earth used to be flat. now it is round. tomorrow it will be a triangle. the day

after tomorrow it will be a tentacle. what will it be next?

-you move slower than a shadow

-trees want to play a game that you invent

-you are a grain of sand in a cosmic plate. visualise this

-freeze. become a statue that commemorates time

-the weather is a movie. you play a dog

-there are huge invisible multicolour dice in the playground. throw the dice into the sky. read resulting the colour

-collaborate with a rainbow to make a film

-invent a land and build a city made of sound

-ant techno party. you bring the food and they bring the music

-call a waterfall on the phone. hear what it says. explain the plan to others

-eres un perro que ladra y quiere morder una nube

-llega del futuro un computadora que llora. elige un color donde toman el té.

le explicas el presente

-eres una langosta de mar que se mira al espejo por primera vez

-inventa un juego con los árboles y las hormigas

-multiply the hour of the day by your age. subtract your weight. add your height.

-divide by your amount of teeth. this number is your favorite food. eat this number

you're the dial. Play your shadow
